

FOR IMMEDIATE RELEASE**NEW WESTERN U.S. BUSINESS MANAGER ANNOUNCED AT
NATIONWIDE BOILER INC.**

Fremont, CA, May 1, 2014...Nationwide Boiler Inc. recently appointed James "Jim" Lieskovan to the position of Western U.S. Business Manager. Jim will be primarily responsible for seeking new boiler rental, sales, and CataStak™ Selective Catalytic Reduction (SCR) system business opportunities throughout California and the greater Western U.S. His role will involve developing new customer relationships and following up with existing customers to strengthen the company's associations with industrial plant owners and operators.

Jim joins Nationwide Boiler with thirty-three years experience in the boiler/burner business, providing quality solutions to industrial plants located throughout California. He established his career as a Senior Service Technician with Porter Boiler Service Inc., later transferring his skills to Southern California Boiler Inc. (now California Boiler Inc.). Jim worked at Southern California Boiler for twenty-eight years, holding the positions of Vice President and General Manager, and was responsible for leading and managing all aspects of the organization. He then moved on to work for San Jose Boiler Works, Inc., continuing to implement growth as the company's General Manager.

"Jim's new position will allow us to respond to the needs of our customers quickly and will greatly aid Nationwide Boiler's ability to provide exceptional customer service and support to our current and potential customer base. Jim's extensive experience and vast knowledge of the industry is a valuable asset to the Nationwide Boiler sales team and growth of the company," explains Larry Day, Nationwide Boiler's Executive Vice President.
